Promotion Troubleshooting
Check customer eligibility
Check 1. Code applies to **first purchases** only 2. If customer **used the code**
Not eligible
Educate the customer and share NCODE
Eligible
Check if the code is expired 1. Check automated messages 2. Check expiration date 3. Create a mock cart 4. Check coupon inspector
Code is expired
Customer specific
Website
Educate and send NCODE
Should the code be working
Yes, there is no expiration date
No, it's past the expiration date
Use the BOT for an alternative
Educate the customer
There is a code - share it
No code - ESC or CS
Code is NOT expired but shows error or code is working
Investigate promo conditions & exclusions
Share **all exclusions** with the customer and ask for a **screenshot** of the error message and items in their cart
Investigate the screenshot. Check 1. **Specific instructions** to apply the code 2. **Minimum order total** requirement and 3. **Eligibility and exclusions 4. Create a mock cart with the customer's items**
Does the cart meet the requirements?
No
Inform the customer of specific instructions and guide how to use the code
Inform the customer of minimum order total requirement and suggest they add something to their cart
Inform customer of **the specific exclusions** relevant to their cart
Yes
Code is working for us but not customer
Shopify Brands
Create a cart link
If cart fails, send **SWW** template
If customer still has issues ESC or send to CS
Non Shopify Brands
Send **SWW** template
If customer still has issues ESC or send to CS
Code is not working for us or customer even though it should
Customer specific
Use the BOT for an alternative
There is a code - share it
No code - ESC or CS
Website
ESC or send to CS
